PROFILE

Frontend-oriented developer with hands-on experience in React, TypeScript, dashboard flows, and REST API integration. Combines implementation discipline, UX/UI sensitivity, and product thinking to ship clear, production-ready interfaces.

EXPERIENCE

Freelance Developer May 2024 - Present

AtavicoLabs

Designed and developed React/Next.js product interfaces with a focus on clarity, reliability, and maintainable structure. Delivered web solutions across frontend, backend, and UX considerations using TypeScript and JavaScript ecosystems.

Frontend Developer Oct 2024 - Mar 2026

IOOOTA Srl

Developed frontend interfaces for web and mobile products in a structured engineering environment. Worked with Angular and production-oriented implementation workflows, translating design assets into reliable UI components.

Frontend Intern Aug 2023 - Sep 2023

Leonardo S.p.A.

Contributed to frontend delivery in a structured engineering context, working on responsive interfaces, implementation quality, and OWASP-aware application practices.
